

## 1. BACKGROUND

Ordered Chaos has recently built several websites using a web based site builder. Sites can include social media links, blogs, photo and video presentations, full site search and search engine optimisation. If you require an effective and simple website layout then we may be able to help you create it.

- 🔗 Mobile friendly and automatic mobile sites
- 🔗 100 customisable themes to choose from.
- 🔗 Search engine optimised.
- 🔗 Password protected pages.
- 🔗 Detailed traffic statistics.

We can guide you through the setup and creation of your website, then depending on your computer skills you can then manage and update or we can manage and update for you.

The Ordered Chaos website is built using this technology, [www.orderedchaos.com.au](http://www.orderedchaos.com.au).
